

防盜第二級認證
防火(60P)認證

The Chubb safes Europa range has been designed to meet the most modern and exacting international standards ever adopted by Europe's leading safe testing authorities.

本系列產品是被設計成符合現代最嚴格的安全測試標準，並通過了歐洲具有國際安全領導地位的公司認證。

These authorities now define the security lever of a safe by allocating a grade to the model under test.

這個授權認證是在現行的測試規範之中定義出保險櫃的安全等級。

The Europa Grade-2 models come with official fire rating 60P from Swedish SP for secure combination of theft and fire protection.

這個Europa Grade-2(防盜第二級)，也同時通過瑞典SP測試規範60P(紙類防火一小時)，屬於防盜防火雙重安全認證的機種。

The security and quality of test samples are consistently maintained during production through the operation of BS EN ISO 9001:2000 approved quality assurance system.

本系列產品所提供的安全與質量測試，皆通過BS EN ISO 9001:2000的品質保證系統的生產監控。

- **BARRIER MATERIALS**
夾層抵抗材料

: Our research into barrier materials has provided an advanced range specially selected for the Europa. The characteristics of the material hardness, strength and resistance to cutting coupled with special construction techniques, provide effective resistance to attack in each grade. 我們為EUROPA系列研發了特殊的防盜材料，這種材料的硬度、強度和防盜特性，可有效的提供防禦各種不同等級之攻擊。
- **LOCKS**
鎖具配備

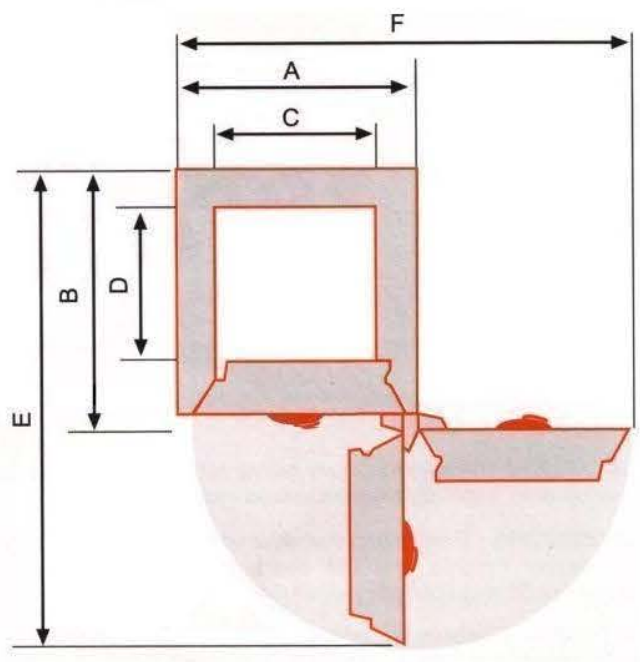

: Key and Combination Locks are available as standard and a wide variety of electronic locks can be fitted on special request. 鎖具的標準配備為一組鑰匙鎖及一組機械式轉盤密碼鎖，如有特殊需求，可更換成合於規格的電子式安全鎖具。
- **BOLTWORK**
活動螺栓

: Three way moving boltwork provides smooth operation and effective defence against attacks on the door and surrounding frame. 三向活動螺栓鎖進櫃體，提供柔順的省力操作和有效的防撬功能。
- **RELOCKING DEVICES**
再鎖裝置

: Passive and active relockers are incorporated into the boltwork to resist attack. 提供多組的防破壞再鎖裝置，固定於螺栓與鎖具的連桿處。
- **FLOOR ANCHORAGE**
樓板固定孔

: Provision is made for floor anchorage, to resist forced removal of the safe. 配置防止竊賊移動的樓板固定專用壁虎釘螺孔。
- **FINISH**
塗裝噴漆

: The standard body colour is RAL 9002 off white in a textured finish. Europa系列產品出廠的標準顏色為RAL 9002淺白色系。
